

FINISH CARPENTER

Job Description/Task Requirements

Department: Construction Services

Note: At Service West, we put our customers first and continually strengthen our partnerships through our employee's hard work, ingenuity and determination. Our 37-year history is a reflection of our collective efforts and focus.

We provide a team-family environment that promotes safety, personal growth, opportunities for advancement and professional achievement. Critical to our continued success is hiring and developing exceptional employees. We have high standards for our employees, with good reason. They represent Service West, our family, our brand, and our values to customers and our team members.

Basic Function: Under general supervision of designated supervisor, to fabricate and prepare for finishing various wood, composition and plastic structures, and fixtures for field installations. As a Finish Carpenter you will be responsible for millwork installation, casework and cabinet installation, and installation of granite countertops.

Specific Responsibilities and Duties include but are not limited to:

Duties and Responsibilities:

- Cut, shape, and assemble wood, composition, and/or plastic sections with shop tools and equipment such as planers, jointers, shaper, routers, sanders, and various power saws.
- Assemble prepared components for various structures, including chairs, desks, cabinets, bookcases, picture frames, and paneled doors.
- Prepare structures for finish applications by planning, shaping and sanding; using hand and power tools.
- Read and interpret plans, sketches, and shop drawings for milling and fabrication.
- Prepare materials estimates as directed by supervisor.
- Determine type and dimensions of wood stock to be used.
- Maintain and clean equipment and work area.
- May perform work of carpenter as assigned.
- May act as Lead Carpenter in absence of Lead Carpenter or Supervisor.
- Perform related duties as assigned.

Knowledge/Skills/Abilities:

- Trade school graduation, or equivalent, and 4 years' experience as finish carpenter, builder, or cabinet maker.
- Minimum of 2 years' experience in millwork/trim installation
- Experience with large scale installations
- Knowledge of shop practices and skill in using shop tools and equipment.
- Ability to comprehend schematic diagrams, blueprints, sketches, building plans and other specifications required by our client for information pertaining to the type of material required.
- Sufficient strength and physical dexterity to perform related duties and responsibilities of this job, including heavy lifting.
- Valid motor vehicle operator's license if required.

Additional Desirable Qualifications:

- Willingness to keep informed of new materials and methods in this trade.

***Background check and drug screening required for employment**

***Service West is committed to the principle of equal employment opportunity for all employees and to providing employees with a work environment free of discrimination and harassment.**
